

CBI Releases the Whitepaper and the Roadmap for its digital world AlphaVerse

- The whitepaper details the technology and vision behind AlphaVerse
- It also includes a roadmap outlining key milestones and partnerships for the development and growth of the AlphaVerse ecosystem

CRYPTO BLOCKCHAIN INDUSTRIES (CBI, Euronext Growth Paris : FR0014007LW0, ALCBI) is proud to announce the release of its comprehensive whitepaper and roadmap for AlphaVerse. The whitepaper details the technology and vision behind AlphaVerse, a blockchain-based digital world that aims to become "THE" gateway to the worlds of metaverses. The roadmap outlines key milestones and partnerships for the development and growth of the AlphaVerse ecosystem.

The complete whitepaper and roadmap can be found [here](#).

The roadmap highlights key milestones and partnerships, including the release of the Hub Season 2 on February 8, 2023.

AlphaVerse is a digital world developed on the blockchain and is designed around a central place, the "Hub," which connects many universes in the field of games and entertainment. AlphaVerse operates in real currencies or cryptocurrencies.

AlphaVerse has recently announced the development of a universe dedicated to football, developed with leading clubs. Operated by CBI under club licensing with revenue sharing, these digital worlds are based on Free-to-Play and Play-to-Earn models. Each digital world reproduces the club's stadium in 3D and is rich in numerous experiences and mini-games. Every seat in these digital stadiums is an NFT that offers real-life benefits. CBI offers these partner football clubs leading access to Web3 and intends to offer each supporter a unique online experience.
